

POLYESTER CARTRIDGE FILTERS

AF

**The Great Solution
For Perfectly Filtered
Pool, SPA or Family
Water.**

- Compact structure, luxury, UV resistant tank.
- Easy access to cartridge element via heavy duty lock ring.
- Auto pressure release preventing damage to pump and filter become blocked.
- 63mm union for quick and easy pipe connecting.
- Filter backwash is not required.
- High quality pressure gauge for easy inspection of operation pressure.
- Don't worried about additional powder additives.

Imported cartridge filter material has a better anti-mildew and anti-bacterial ability.

Specification and size:

Model	A Height (mm)	B Tank Dia Ø(mm)	PUMP (W)	Maximum Pressure (Kpa)	Flow (m³/h)	Cartridge Area (m²)	C Cartridge Height (mm)	D Cartridge Dia (mm)
AF25	368	225	250-370	250	11	2.3	184.5	Ø183
